These babies were born Dec. 6. They are a good size already for their age. They are very healthy and friendly. There are 3 boys 3 girls, all are black with white tummies, except for the PEW white curly haired boy.

## February 2016

### Meet the girls

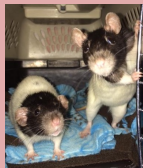

Meet Rosco a black hooded dumbo! She is about 13 months and spayed.

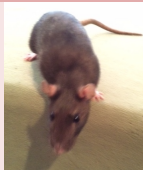

Marshmallow is a grey hooded girl. She is about 6 months old and spayed.

Wembly and Quinn are two very nice female rats who are about six months old. Wembly knows her name and will come when called. Quinn has the thick black stripe down her back.

One of these girls is a black-capped Dumbo who is about seven months old and the other is a black-hooded rat who is about one year and three months old. They are both very healthy and friendly.

Boot is a friendly girl. She will hopefully be paired with a cage mate soon. Please contact us if you want to meet her.

Fuzzy is a spayed hairless rat who is about a year old. She is extremely nice, curious, awake with humans, pleasant and loves to cuddle.

Bloom and Flower are a pair of sisters who are very strongly bonded. Bloom is the black dumbo and Flower is the white dumbo. They are about 5 months old and are spayed.

Luna and Lace are two sisters who are very strongly bonded. Lace is the black hooded rat and Luna is the beige hooded rat. They're about a year and a month old and are spayed.

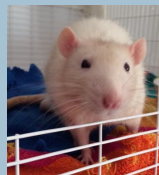

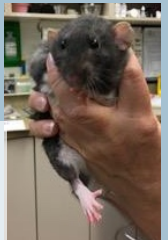

### Meet the boys

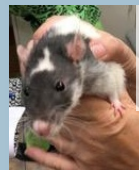

Meet Oswald a black hooded boy. He is 5 months

Meet Bilbo, a cute dumbo boy. He is 5 months old.

Turner is estimated at seven months old. Hooch has straight ears and is a huge, gorgeous, curious boy. He will need help getting used to being handled.

Meet Oscar a grey hooded boy. He is 5 months old.

Meet Mixer, he has siamese coloring. He is 5 months old.

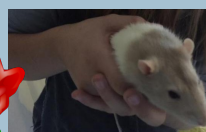

Meet Frodo, he has siamese coloring. He is 5 months old and he is neutered.

Martian and Baldy are hairless brothers who are very attached and always cuddling with each other.

Meet Bing and Crosby. They are black capped males. Crosby (left) has some black spots on his back. We are guessing they are about a 1 1/2 years old. They are easy to handle.

Meet Cosmo. He is 9 months old. He is neutered hooded rat. We are in the process of re-introducing him to brother Astro. We are hoping they can be adopted together. They are both nice boys who like to be held by people.
