Meet Violet (sitting in her bowl) and Daisy. They are part of the Prescott Park rescue. They are about 2-4 months old and friendly.

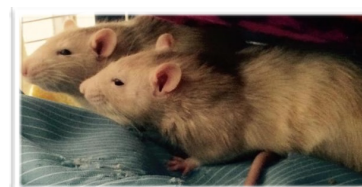

Do you need a cage or supplies for your furry friends? The rescue has a selection of cages, hammocks, litter boxes, igloos and much more. Homemade dry food and litter are also readily available. The rescue asks for donations for these supplies which help provide more rats with a second chance.

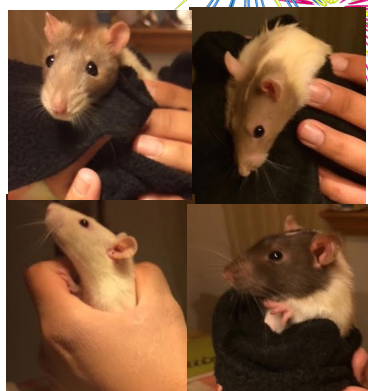

These three boys were found in Prescott Park. Clockwise they are Polaris, Sol and Orion. Please call for more information.

Miss Whiskers and Roxy are very friendly Siamese girls. Roxy is 1 year old and Miss Whiskers is 1 1/2 years old.

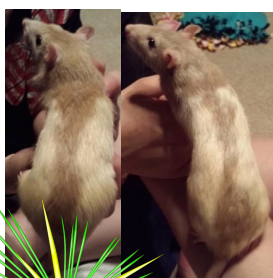

Miranda and Nikko, who are spayed/neutered and about 5 months old, just became friends. Miranda is nice although a little skittish. Although she is fairly easy to pick up, and will take treats when offered, the individual will need to have some patience building her trust. Nikko is very curious and vocal, and used to nip before his neuter, but is he is currently loving the stitches.

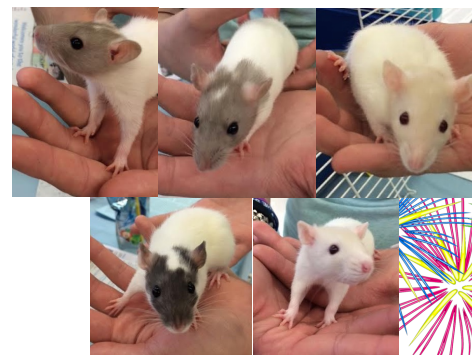

Clockwise: Elby, Ariana, Amber and Stephanie. Lucky Elby is grouped with three spayed girls. He is currently being treated for an ear infection. The girls are approximately 4 months old and Elby is 5 months old.

Boo and Dollop are 2-4 month old tan hooded females. Boo is still shy, but her friendly sister Dollop is helping her to come out of her shell (maybe she will even learn how to play "peek-a-boo" with you!). They currently reside in Tucson and can be adopted together or separately.

Vidian (left) is confident, likes to take initiative, and to be in charge. Fawn is very energetic, patient, helpful, and is the mothering type. They are getting used to being handled by children. They are between 2 to 6 months old and she can either be adopted as a pair or as singles to meet new friends.

Clockwise: Rhythm, Medley, Symphony, Song and Lyric. These five girls are 6 weeks old and are all healthy and ready to find their forever homes.
