The rescue has a variety of cages. Everything you require for happy ratty's are available for a donation. Please enquire for more details.

Dear is a tan and white rat. She just had a litter of babies, but is now spayed. Dear is active and likes to explore the room she's in.

Olaf and Ezekiel are about 9 months old, squirmy but very friendly and love the time they spend out of their cage. The one with the white diamond on his face is also a Dumbo. They are a pair.

Vidian is spayed and between 2 and 6 months old. She is confident, likes to take initiative, and to be in charge. She is getting used to being handled by children, and she can either be adopted with Fawn as a pair or as a single to meet new friends.

Mama is an agouti hooded rat. She just had a litter of babies, but is now spayed. She is mellow, but also adventurous, and likes to explore the room she's in.

Rumble and Ophelia are both agouti hooded rats (Ophelia is the lighter colored one). Rumble has some breathing problems and may need antibiotics indefinitely. He was initially shy but has been getting more comfortable with his foster parents. Ophelia is a little more timid. She is super sweet and pretty good when being handled. She will ride on shoulders around the house. She has warmed up to her new friend Rumble and seems to be a happy girl.

Rosetta and Iridessa are spayed and between 2 and 6 months old. Rosetta is caring, sweet, and hesitant. Iridessa is skeptical, obedient, and a leader. They are getting used to being handled by children.

Theo and Bosco are agouti hooded rats who are between 4 and 5 months old. They are very friendly and would be good for first time rat owners.

Petey and Holden are black-hooded boys who are about 8 months to a year old. Petey is friendly and interactive but needs practice with being held and pet. Holden is a bit on the shy side and prefers relaxing over highly active situations. They need someone with the time and patience as well as prior rat experience to make them great boys. They have made a lot of progress already in a short time!

Miranda and Nikko, who are spayed/neutered and about 5 months old, just became friends. Miranda is nice although a little skittish. Although she is fairly easy to pick up, and will take treats when offered, the individual will need to have some patience building her trust. Nikko is very curious and vocal, and used to nip before his neuter, but is he is currently loving the stitches.

Miss Whiskers and Roxy are very friendly Siamese girls. Roxy is 1 year old and Miss Whiskers is 1 1/2 years old.

Fawn is spayed and between 2 and 6 months old. She is very energetic, patient, helpful, and likes to be the mothering type and help all the rats. She is getting used to being handled by children, and she can either be adopted with Vidian as a pair or as a single to meet new friends.
