Bowie is a big pink eyed white male rat who is extremely mellow and nice. He is also very interested in being out whenever he sees his humans awake. He is about 1 1/2 years old. India is a black capped spayed female who is about one year old. She is also very sweet but a little more active than Bowie, who is content to be held. They would be a good pair for first time rat owners.

Scrounge is the agouti hooded rat, Scratch is the pure agouti, and Gem is the pink-eyed white rat. They are between 2-3 months old. They were all recently brought into the rescue as part of two litters.

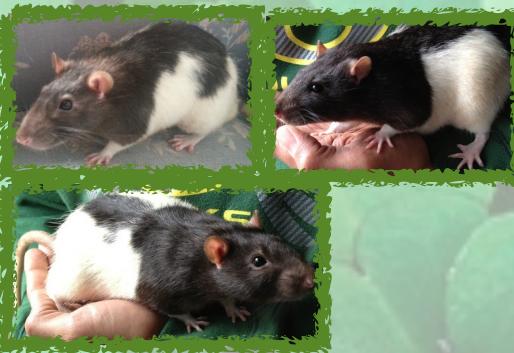

Ironman came from a large litter, and is the last one of his siblings still waiting to be adopted. He is about 5 months old and sometimes a bit melodramatic, but he will get friendlier with more attention. He is neutered. Wouldn't you like to give this cute agouti-hooded boy a forever home?

Petey and Holden are black-hooded boys who are about 8 months to a year old. Petey is friendly and interactive but needs practice with being held and pet. Holden is a bit on the shy side and prefers relaxing over highly active situations. They need someone with the time and patience as well as prior rat experience to make them great boys. They have made a lot of progress already in a short time!

Miss Whiskers and Roxy are very friendly Siamese girls. Roxy is 1 year old and Miss Whiskers is 1 1/2 years old.

Come meet these three handsome boys: Rumble, Rebel and Riot. Rebel is the most rambunctious of the 3. He will come to you a little, but is still a little shy. He is not timid once you get him though. Riot is the biggest and calmest of the 3. He is shy, but when you handle him he is calm and sweet. Rumble is doing better. He still pops when he breathes, but it is improving. He is also shy, and doesn't really like to be handled. They are continuing to socialize in their foster home.

Scurry is the tan and white hooded rat, Sniff is the pure agouti rat, and Scuff is the agouti hooded rat. They are between 2-3 months old. They were all recently brought into the rescue as part of two litters. Please contact us about adopting any of these babies.

Mama is the agouti hooded rat and Dear is the tan and white rat. You can just see Dear hiding in the background. They both just had litters of babies, but are now spayed. Mama is the calmer of the two and Dear is a little more active.
