Come meet these three handsome boys: Rumble, Rebel and Riot. Rebel is the most rambunctious of the 3. He will come to you a little, but is still a little shy. He is not timid once you get him though. Riot is the biggest and calmest of the 3. He is shy, but when you handle him he is calm and sweet. Rumble is doing better. He still pops when he breathes, but it is improving. He is also shy, and doesn't really like to be handled. They are continuing to socialize in their foster home.

Pete and Holden are black-hooded boys who are about 8 months to a year old. Pete is friendly and interactive but needs practice with being held and pet. Holden is a bit on the shy side and prefers relaxing over highly active situations. They need someone with the time and patience as well as prior rat experience to make them great boys. They have made a lot of progress already in a short time!

Iris is approximately 8 months old and a tiny, sweet example of a black and white hooded rat. She is much calmer than her big sister Morello, but just as sweet. Morello is an adventurous 10 month old with an adorable speckled coat and a charming personality to boot. She will SMOOTH you in kisses and then run off to go exploring. She likes to pick on her cage-brother Milton, but not to the point of serious injury. They are being fostered in a home with kids, cats and dogs and they do great.

Miss Whiskers and Roxy are very friendly Siamese girls. Roxy is 1 year old and Miss Whiskers is 1 1/2 years old.

Look no further for the perfect companion!

The rescue is also looking after two moms and their babies. Two of the babies are seven weeks old. There are six more babies who are five weeks old. Please enquire for more information.

Ironman came from a large litter, and is the last one of his siblings still waiting to be adopted. He is about 5 months old and sometimes a bit melodramatic, but he will get friendlier with more attention. He is neutered. Wouldn't you like to give this cute agouti-hooded boy a forever home?

Yugi, the pink eyed white, is a total sweetheart, but a little timid. She is very observant and stares at her foster parents when they are cleaning to make sure they're doing everything right! She is about 5 months old. Tempest, the agouti-hooded, is very social. She likes to snuggle and play rough with the other two, but also cuddle with them when they sleep. She will come up to you and want to explore if the cage door is open. She is also about 5 months old. Both girls are spayed.
