June 2015

Do you need a cage or supplies for your furry friends? The rescue has a selection of cages, hammocks, litter boxes, igloos and much more. Homemade dry food and litter are also readily available. The rescue asks for donations for these supplies which help provide more rats with a second chance.

Petey and Holden are black-hooded boys who are about 8 months to a year old. Petey is friendly and interactive but needs practice with being held and pet. Holden is a bit on the shy side and prefers relaxing over highly active situations. They have made a lot of progress already in a short time!

Astro and Cosmo are 5 months old and from Prescott Park. They can be adopted together or separately. More information to come soon!

These five boys were found in Prescott Park. Clockwise they are Polaris, Sol, Orion, Draco and Pegasus. Please call for more information.

Rosetta and Iridessa are spayed and between 2 and 6 months old. Rosetta is caring, sweet, and hesitant. Iridessa is skeptical, obedient, and a leader. They are getting used to being handled by children.

Vidian (left) is confident, likes to take initiative, and to be in charge. Fawn is very energetic, patient, helpful, and is the mothering type. They are getting used to being handled by children. They are between 2 to 6 months old and she can either be adopted as a pair or as singles to meet new friends.

Rumble and Ophelia are both agouti hooded rats (Ophelia is the lighter colored one). Rumble has some breathing problems and may need antibiotics indefinitely. He was initially shy but has been getting more comfortable with his foster parents. Ophelia is a little more timid. She is super sweet and pretty good when being handled. She will ride on shoulders around the house. She has warmed up to her new friend Rumble and seems to be a happy girl.

The rescue has just taken in nine baby girls, six approximate three month old girls that are spayed, two young adult boys, and two 3 month old boys. This group is super sweet they are all gorgeous and these are from the Prescott Valley Park. Please call for more information.

Miranda and Nikko, who are spayed/neutered and about 5 months old, just became friends. Miranda is nice although a little skittish. Although she is fairly easy to pick up, and will take treats when offered, the individual will need to have some patience building her trust. Nikko is very curious and vocal, and used to nip before his neuter, but is he is currently loving the stitches.

Dear is a tan and white rat. She just had a litter of babies, but is now spayed. Dear is active and likes to explore the room she's in.

Miss Whiskers and Roxy are very friendly Siamese girls. Roxy is 1 year old and Miss Whiskers is 1 1/2 years old.

Veronica is estimated to be about 12 weeks old. She was picked up with a group of rats living in the Prescott Park. She is tame, easy to hold, and just beautiful. She is also spayed. She will be available June 10.
